Forecast For Wales
Issued by Met Office Exeter
at 0400 on Thursday 28 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Heavy rain in the west, turning increasingly widespread today.

Today:
Rain in the west, occasionally heavy, but turning increasingly wet across the rest of the country during the morning with persistent and, at times, heavy rain. Strong winds, easing later. Maximum temperature 16 deg C (61 deg F).

Tonight:
Remaining cloudy with persistent rain for many areas, heavy over high ground. Breezy at first but becoming calmer by morning. Minimum temperature 7 deg C (45 deg F).

Friday:
Outbreaks of heavy rain will continue through the morning. Turning drier and brighter by the afternoon with the odd shower and feeling fresher too. Maximum temperature 13 deg C (55 deg F).

Outlook for Saturday to Monday:
Changeable over the weekend with periods of rain, heavy at times, with some drier and sunnier spells. Windy with a chance of gales. Feeling colder than of late.
